

Shivaree, I Want To Be Your Driver

Want to be your driver
Want to be your driver
I'd love to ride you
Love to ride you around
Well, be ready when you want me
To drive you on downtown

I want to drive you
Your long and beautiful
Your round and wide
Built to roll limousine
I've never had the thrill of riding
Such a wonderful machine

Rode around the mountain,
Rode in the valley
Rode you all over
Rode you home with ease
You will enjoy every journey,
It will be my aim to please

Let me be your driver
Let me be your driver
I love to ride you
Love to ride you downtown
Drive you so slow and easy
You won't want to put me down
