

# Shivaree, Someday

Someday  
You want me like I want you  
But I'd be gone  
With somebody new

Someday  
You will cry the way I did  
You ???  
But tears can be heard

You walk the floor  
Day and night  
Not a thing will be going right  
You ?? leave you in despair  
You'll be pull it out your hair

Someday  
Love will get you down your feet  
You're gone to suffer  
For what you've done to me
