

Shout Out Out Out Out, Dude You Feel Electrical

Do you feel electrical?
Dude, I do tonight.
Do you feel unstoppable?
Dude, I am tonight.
Lately, you seem miserable.
Dude, I'm not tonight.
Do you feel electrical?
Dude, I am tonight.

Did you come alone tonight?
Yeah dude, I'm alone
But it's hard to care outside your head
When you just stay home alone.
Did you come alone, alone?
Yeah, I'm here alone
I'm always alone, alone
So, yeah, I'm here alone.

Dude you, do you feel electrical tonight?
Dude you, I feel electrical tonight.
Dude you, do you feel electrical tonight?
Dude you, I feel electrical tonight.

You should try to get out more.
Dude, I'm out tonight.
But do you feel electrical?
Well, dude, I feel all right.
But you're here alone, alone.
So what, I'm here alone.
I'm always alone, alone.
Now you understand.

Dude you, do you feel electrical tonight?
Dude you, I feel electrical tonight.
Dude you, do you feel electrical tonight?
Dude you, I feel electrical tonight.

Maybe the company of strangers is just what I need.
Maybe what I need is somewhere that I've never been.
With nothing there to carry me, it's bringing out the life in me.
Well maybe now I understand just what it's been that's bugging me.

Dude you, do you feel electrical tonight?
Dude you, I feel electrical tonight.
Dude you, do you feel electrical tonight?
Dude you, I feel electrical tonight.
Dude you, do you feel electrical tonight?
