

Showoff, Waiting For You

When I think of your smile
It makes me smile too
I cant believe how far away you really are
Did you ever think of anyone else
Did you ever think of yourself
One wish I had I used on you

Ill be right here waiting for you
Waiting for you
[2x]

When I look in your eyes
I see much more than you
I cant believe how fucking strange you really are
I can't think of anyone else
I can barely think for myself
All I know is that I love you

Ill be right here waiting for you
Waiting for you
[2x]

I dont wanna face the world without you
[6x]

Ill be right here waiting for you
Waiting for you
[2x]
