

# Shy Albatross, See See Rider

I'm so unhappy  
I feel so blue  
I always feel so sad  
I made a mistake  
Right from the start  
It seems so hard to back  
About this leather  
That I will ride  
I hope you'll remember  
When he receives it

See, see rider  
See what you have done  
You made me love you  
Now your lovin' gone calm  
/2x

See, see rider  
See what you have done  
You made me love you  
Now your lovin' gone calm
