

Shy FX, Rock The Boat (Feat Di)

If I was to, let ya know

I met a boy
Crazy for him and I lose myself while
He met a girl, ready for him to step his game now
Do I let him know, I aint even tryin to let it show
So do I just go with the flow, dont do anything to rock the boat

If I was to let you know
Would it ro-o-ock the boat
And if I was to take you there
Boy, would it sho-o-ock yo head
If I was to open up and show
Would it ro-o-ock the boat
But if not ??????????????????
I wouldnt wanna let you go

I cant jeopardize
The friendship we have but its so surreal I
Dont want to surprise him but I dont know
If he can keep up being nothing more than friends
But if Im not and then Ill just pretend
????????????????????????????
????????????????????????????

If I was to let you know
Would it ro-o-ock the boat
And if I was to take you there
Boy, would it sho-o-ock yo head
If I was to open up and show
Would it ro-o-ock the boat
But if not ??????????????????
I wouldnt wanna let you go

????????????????????????????
????????????????????????????
????????????????????????????
????????????????????????????
????????????????????????????
????????????????????????????
????????????????????????????
????????????????????????????
????????????????????????????

If I was to let you know
Would it ro-o-ock the boat
And if I was to take you there
Boy, would it sho-o-ock yo head
If I was to open up and show
Would it ro-o-ock the boat
But if not ??????????????????
I wouldnt wanna let you go
