

Shygirl, Slut

Ride baby ride
I'm bugging over you looking down
Hold tight say you won't let go
Stay the night and we can lay low

I can't deal with the thought of you leaving
Me left staring at the ceiling solo
I do better with u on my team
Stay the night and we can lay low

Woke up
Feeling like a slut
Yeah I like That
Hit a couple guys
They concur
I'm bad bitch

Low down
Dirty
When I like
And I like it yeah

Tell u what I want
I better find you here

Ready and waiting
And Willing to keep me
Entertained
Twice nightly
Weekly
Body right
Pussy tight
You can try that easy
Never mind I'm fuckin with myself

Ride baby ride
I'm bugging over you looking down
Hold tight say you won't let go
Stay the night and we can lay low

I can't deal with the thought of you leavin
Me left staring at the ceiling solo
i do better with u on my team
Stay the night and we can lay low

Yeah It's you
That I'm thinking of
When I'm feelin hot
Your voice Drippin Like honey
Straight from the Honey pot
Don't stop
Running on my mind
I can't get enough
Is it so bad
To just like to be touched

Ravished
Mauled
Adored
Clothes striped
Laying naked
But I'm Caged in your arms

I'm a bad girl

But I don't know what for
When it feels so good
I'ma do what I want

I wish I were u
Just to get a piece of me
Sex therapy
I can come
If u wanna hit Repeat
Nympho
Yeah boy

Get to know
Every inch
Study My philosophy
Yeh I know
Every time I leave Your looking to ki
I can't take the
High sensitivity
I can't take the
High sensitivity
I can't take the
High sensitivity

I can't deal with the thought of you leaving
Me left staring at the ceiling solo
I do better with u on my team
Stay the night and we can lay low
