Sia, Don't Bring Me Down

Faint light of dawn I'm listening to you breathing in and out Needing nothing You're honey dipped You are beautiful, floating clouds, soft world I can't feel my lips I'm going down, I don't want to change I'm going down, going down the drain

Don't bring me down, I beg you Don't bring me down, I won't let you Don't bring me down

Then all of that's anulled and I'm anyone's Everyone's, we are one Your face becomes the sun And I'm addicted to the joy that the little things Those little things The little things they bring

I'm going down, I don't want to change I'm going down, going down the drain

Don't bring me down, I beg you Don't bring me down, I won't let you Don't bring me down
