

Sibel, Make Believe

I'm leaving a faction for love.
Nobody seizes like I do.
Yeah, I mae have some old fashion Views.
But that's the only way.
I got no from the second of feeling.
It's gonna be real
Don't wanna make the same mistakes.
So tell me

When you wangle washing to pray for the miracle,
I'm patientli alive but I feel impossible.
All I see is make believe.
I hear the words were liting song before me is just lyric,
Watching in the movie but all
I see on my TV screen, is make believe
Mmmm.

When Im watching the old liking waltz,
I thought to a place I rather be.
Where I can find Love on first side,
It's not reality. Even you force,
I've char pressurizing.
It's gonna be real
'Cause I want for even not the love.
So tell me.

When you wangle washing to pray for the miracle,
I'm patientli alive but I feel impossible.
All I see is make believe.
I hear the words were liting song before me is just lyric,
Watching in the movie but all
I see on my TV screen, is make believe
Is make believe

Yeah, I wanna be,
A move by something real,
'Cause I don't wanna stay the solo till we go.
I want to be lost, is love, that's enough,
That's enough for me

Yeah!

I hear the words were liting song before me is just lyric,
Watching in the movie but all
I see on my TV screen, is make believe.

Yeah!!!!!!

When you wangle washing to pray for the miracle,
I'm patient alive but I feel impossible.
All I see is make believe.
I hear the words were liting song before me is just lyric,
Watching in the movie but all
I see on my TV screen, is make believe
