She never cry
She never worry
Never ask me about leave
Everything she ditch she do
Because she .. me
Never seen someone so strong
Never seen someone like this
She wanna make me go
She wanna make me go crazy

All I do
All I can
All I wanna have
Is you
Would you be my heart and girl
I wann be your man
Never Loved Like This Before
Come on baby
You my lady
Let's go crazy
We gonna do this, yeahe

Never Loved Like This Before
The love is so good
The love is so strong
Never Loved Like This Before
The love is so cool
The love is so fine and gentle

You and me
We're free
I can fly up to the sky
When I see you
I want more
.. brake the floor
Feel the rhythm of the song
Let your body move it on
Gets us high
Unless I
Coz the love can be more
..\n
Feel the bit and join the race
Take your time
Feel the space
Let your body feel free

Never Loved Like This Before
The love is so good
The love is so strong
Never Loved Like This Before
The love is so cool
The love is so fine and gentle
