

# Sick Of It All, Maladjusted

Nothing satisfies, nothing will cause it won't get a chance to.  
Altered spirit and altered mind take a turn for the worst soon.  
Fear has struck, fear is stuck maladjusted  
Assurance won't sit well at all cause no one is trusted

You've got what you wanted  
the reason you came  
control the action control of the game

See through the happiness,  
see through the sappiness  
See through the front that obscures all the truth  
and see ugliness, torture, torture and ugliness

Nothing satisfies, nothing will cause it won't get a chance to.  
Altered spirit and altered mind take a turn for the worst soon.  
Fear has struck, fear is stuck maladjusted  
Assurance won't sit well at all cause no one is trusted

See through the happiness,  
see through the sappiness  
See through the front that obscures all the truth  
and see ugliness, torture, torture and ugliness  
Selfishness lost in a quagmire of human filth

Fear has struck, fear is stuck Maladjusted  
Fear that rules a twisted fuck, Maladjusted
