

Sick Of It All, N.S. / My Revenge

Don't you jump in it's not your fight
your ideas mean shit to me you ain't on my side
it's my revenge
it's my revenge

my last resort, my broken pact
i have a reason and a cause to fight back
it's my revenge
it's my revenge

i won't stand for it anymore
you know my time has come
gonna see some changes
won't stop till i've won

it's my revenge (4x)
