

# SICKOTOY, Maria (feat. IRAIDA)

Do you mind me getting closer?  
Coming over tonight  
Right time at the right place now  
I see you  
Slowing down when you're taking over  
Not done 'til I'm feeling closure  
Done with the talking  
I see you

The moment when our bodies felt each other  
These magic tricks you do them like no other  
Now, shivers down my spine  
I'm getting them everytime  
I hear ya

Maria, Maria  
You're like no other  
Still dancing when the lights go down  
Just let me love you  
Oh, Maria  
Just tell me if you're down, down, down  
Maria, Maria

Done, done  
Done when you say it's done  
Cause I tried to fight it before  
Ain't got no lucky charm  
I, I, I, I  
I'm hopeless whenever you go  
And tripping whenever you show  
I see you

The moment when our bodies felt each other  
These magic tricks you do them like no other  
Now, shivers down my spine  
I m getting them everytime  
I hear ya

Maria, Maria  
You're like no other  
Still dancing when the lights go down  
Just let me love you  
Oh, Maria  
Just tell me if you're down, down, down  
Maria, Maria
