Siddharta, My Dice

Siddharta - My Dice

Can you be the light and adore your soul then you don't need to be angry and avoid your calls with a pleasant face anywhere in space your mind is a hyper tool it fixes everything can you see them all having no control when the plan is keeping distance from another fall if you open up and enjoy your luck we might as well be happy even if it's dark

can you be my fuckin' love can you be my fuckin' love

Dive in my little dice I can see the reason when you say goodbye filling this new surprise don't be just another with the devil sight
