

Sierra, The Story Of Life

Sometimes life is fragile, Seems like its coming undone
Sometimes your over a barrell, sometimes your nder the gun
Sometimes life is eays. just a walk in the park
Sometimes life's a gamble, just a shot in the dark
Another day in other words

Chorus:

In the story of life, i've found the only way
I could ever survive, is reading by the light of my faith
And hope is alive and love turns another page
And heaven is mine when the author signs his name on my heart
In the story of life
Somewhere there's someone watching; He is the watcher of me
He gives the story meaning; gives me a reason to be
For it is writen in word

Chorus

Yeah, Yeah, Yeah, Yeah.....Yeah, Yeah, Yeah, Yeah

Chorus Again
