

Sigala, Ella Eyre, Came Here For Love

I can see that you're watching me
Come over, talk to me
Need you to give me a sign
You got that something sweet
That don't come easily
It's what I need tonight

I came here for love
For someone to hold me down
I won't give to up, no
I want you to reach out

I came here for love /3x
I want you to reach out

I'm so ready to get on it
you follow me, you'll be fine
And I'm in too deep have I fallen
Without anyone inside

I can see that you're watching me
Come over, talk to me
Need you to give me a sign
You got that something sweet
That don't come easily
It's what I need tonight

I came here for love
For someone to hold me down
I won't give to up, no
I want you to reach out

I came here for love /3x
I want you to reach out

This is wat we came here for
Qwe came here for love
I won't give I won't give it up
