

# Sigala, Ella Eyre, Came Here For Love

I can see that you're watching me  
Come over, talk to me  
Need you to give me a sign  
You got that something sweet  
That don't come easily  
It's what I need tonight

I came here for love  
For someone to hold me down  
I won't give to up, no  
I want you to reach out

I came here for love /3x  
I want you to reach out

I'm so ready to get on it  
you follow me, you'll be fine  
And I'm in too deep have I fallen  
Without anyone inside

I can see that you're watching me  
Come over, talk to me  
Need you to give me a sign  
You got that something sweet  
That don't come easily  
It's what I need tonight

I came here for love  
For someone to hold me down  
I won't give to up, no  
I want you to reach out

I came here for love /3x  
I want you to reach out

This is wat we came here for  
Qwe came here for love  
I won't give I won't give it up
