

# Sigh, Dreamsphere (Return To The Chaos)

Primal impact in the sonic galaxy  
Collapsed by beauty, collapsed into fury  
Reached insanity beyond mortality  
Astral infinity to find the reason to be

Through the eyes of a hawk I will see  
The para-future when I'll be free  
Through the eyes of a hawk I will see  
Cosmic heaven where I will be

Help me, Help me please  
I'm drowning in the middle of the dream  
Hear my plea, hear me scream  
I'm drowning in the middle of the dream

Waves of eternity in my heartbeat  
Collapsed by beauty, collapsed into fury  
Predicted destiny beyond my sanity  
I will NEVER find the reason to be

Through the eyes of a hawk I will see  
The para-future when I'll be free  
Through the eyes of a hawk I will see  
Cosmic heaven where I will be

Help me, Help me please  
I'm drowning in the middle of the dream  
Hear my plea, hear me scream  
I'm drowning in the middle of the dream

Return to the chaos, in the dreamsphere  
Return to the chaos, dreams of the dead  
Return to the chaos, dreams I fear  
Return to the chaos, with no regrets  
Return to the chaos, in the dreamsphere  
Return to the chaos, in the sonicscape  
Return to the chaos, dreams I fear  
Return to the chaos, in the sonic chaos
