

Sigma, Forever (Ft Sebastian Kole & Quavo)

but this time I won't
Forever /4x

but this time I won't
Forever /4x
but this time we'll last
forever /3x

Promise I will stay
I will never leave you
forever and a day
that's how long we'll be together
forever /3x

Quavo

this time
I want it forever
This is my time
my time
we cannot settle
Fr no risk and dimes
We wanna live better

take it to another level
young nogga, trendsetter
boss man, I develop
big house with a safe in it
had to put away the cheddar
prolly couldn't go to Yale
But a young nigga still read clever

forever /4x
I'm not afraid to fall
maybe I;m scared to fly
funnt I fear heights
But push you to getting high
money can't buy your love
