

# Signs Of Betrayal, Bfe

Take one last good look as my face starts to fade  
And spare me from the reasons why I am to blame  
Did you forget the past and what I did for you and all you put me through?  
And all these things that never mattered to you  
I poured my heart into  
I am leaving here this time cause nothing will suffice  
An ending to this sacrifice of mine  
I'm leaving here this time consistent all your lies  
A new beginning without you in mind  
You stole away the kindness that I had to give  
And never could relate to how I want to live  
It's only how you did  
And all these things that never mattered to you  
I poured my heart into  
I am leaving here this time cause nothing will suffice  
An ending to this sacrifice of mine  
I'm leaving here this time consistent all your lies  
A new beginning without you in mind  
So you think you can make it on your own?  
Did you think I would stand here all alone?  
You're wrong  
You're wrong  
I am leaving here this time cause nothing will suffice  
An ending to this sacrifice of mine  
I'm leaving here this time consistent all your lies  
A new beginning without you in mind  
I am leaving here this time cause nothing will suffice  
An ending to this sacrifice of mine.
