

Sigrid, Mine Right Now

something about the way you and I fit
that's when it hits
feels like it's too good to be true
we're down at the harbor and we danced in the dark
don't know what you said
but I know how it felt
it's hard to believe our love could last
cause you're moving so fast
then I start overthinking
then I ruin the moment
cause I picture the end
but I don't wanna go there
so I tell myself that

hey, it's alright if we don't end up together
cause you're mine right now
hey, I don't mind if we don't get to forever
cause you're mine right now

forgot all the things that we said we would do
how we're still in this room
hear the rain on the glass hold me till I
fall asleep for the night
try to enjoy the quiet
but I ruin the moment
cause I pic cause I picture the end
but I don't wanna go there
so I tell myself that

hey, it's alright if we don't end up together
cause you're mine right now
hey, I don't mind if we don't get to forever
cause you're mine right now
