

Silage, Giggle

I'm so darn giddy
With my pretty one and only
Down with my band, we hate the "monkey"
I'm gonna pinch everyone around me
And then I'll giggle 'cause I'm really stinking happy
YUP, today I'm gonna pick a couple daisies
Put'em in my hair and act all crazy
I'm gonna tickle everyone around me
And make'em giggle till they're really stinking happy

I'm just a farce
You can't believe me
The look on all your faces shows to my
You're not happy
You need Christ

(Repeat 1st Verse)

I'm still a farce
You still can't believe me
The look on all your faces shows to my
You're not happy
You need Christ

I'm so darn giddy
With my pretty one and only
Down with my band, we hate the "monkey"
I'm gonna pinch everyone around me
And then I'll giggle 'cause I'm really stinking happy
