

Silage, Watusi

i'm like this
acting real smooth
i'm like an old school rocker
and i'm rapping away
yeah i'm all in your face
and i won't stop
cuz it just sounds cool to say it
and play it
and i go on and live my life and hide away

from you and you or me
or whoever wants to believe
what i am singing and
no i don't wanna be this way
or see this way
or believe in my intention to be cool

it goes on
i'm up here acting real smooth
i could be playing
could be making time to take myself below it
and show it you know
it won't stop
until i'm living by the truth i'm speaking
i'm taking too much time to lay back
i stay back and hide away

you wanna be a big star
you wanna be inside it
i wanna run away
i wanna run away
