

Silence 4, Only Pain Is Real

You don't have to tell me what you came for
(yes I want it, I don't want it)
Your eyes are beaming circles on the floor
(yes I want it, I don't want it)
Your tongue like acid it burns my skin
(yes I want it, no I don't want it no)
I'm so defenseless from

The lust, it fills my soul with screams
But when it stops, it kills, it makes me weak
What do you want from me?
Inside, only pain is real

Isn't this room smaller than before?
(yes I want it, I don't want it)
Are we closer or are we just bored?
(yes I want it, I don't want it)
The lack of oxygen makes my head spin
(yes I want it, no I don't want it no)
And just for a moment

The love I feel so close, so real
But then it's not, I die, I raped, I'm chilled
What do you want from me?
you can't, I shake, I come, burn

All I want it's not what I want
All you want it's never what I need
Still I tried, like a perfect mirror I do what I see fit
All you want is all I give, all is right
Inside, only pain is real
