

Silence, Halfway There, Mostly Nowhere

If I am you
If I am every man
Then this is one sad world
If you are me
If you are all I am
Then this is one sad world

We are hostages
of character
We are prisoners
of habitudes
We are refugees
in no-man's land
Halfway there
Mostly nowhere

If this is all
All that we'll ever be
Then this is one sad world
If I am us
If I'm humanity
Then this is one sad world

We are hostages
of character
We are prisoners
of habitudes
We are refugees
in no-man's land
Halfway there
Mostly nowhere
