

# Silent Circle, Love Is Just A Word

I look into the night  
stars are shining so bright

And I feel what it means to be lonely again.  
I'm touchin' your face  
you just want my embrace

And I feel what it means to be lonely again without you -  
Again - what is love?

Love is just a word in my life  
it's neither livin' nor dyin'.  
I believe in all I can see  
love is the word I'm denyin' -  
What is love?

You - a face in the crowd  
you - the hope and the doubt

And I fear that I'm losing myself now again.  
You - have broken my dreams  
you - don't know what it means  
To be lost in a world of confusion again without you -  
Again - what is love?

Love is just a word in my life

it's neither livin' nor dyin'. . . .  
Love is just a word in my life

it's neither livin' nor dyin'. . . .  
Love is just a word in my life

it's neither livin' nor dyin'. . . .
