

# Silent Circle, Shy Girl

Dancing by yourself every night,  
Waiting for the glimpse of the lights  
Nah-nah-nah  
Looking into sparkling eyes,  
Telling you the sweetest lies  
Nah-nah-nah

You feel the heat,  
Want to be free  
Try to escape someone's coming

Shy girl (shy, shy girl) (3x)  
Shy girl

He says I've been watching you,  
In my mind I'm feeling blue  
Nah-nah-nah  
Maybe we all want the same,  
Maybe it's the rule of the game  
Nah-nah-nah

We feel the heat  
Like as can meet  
We got the right to illusions
