Silent Circle, Shy Girl

Dancing by yourself every night, Waiting for the glimpse of the lights Nah-nah-nah Looking into sparkling eyes, Telling you the sweetest lies Nah-nah-nah

You feel the heat, Want to be free Try to escape someone's coming

Shy girl (shy, shy girl) (3x) Shy girl

He says I've been watching you, In my mind I'm feeling blue Nah-nah-nah Maybe we all want the same, Maybe it's the rule of the game Nah-nah-nah

We feel the heat Like as can meet We got the right to illusions

Shy girl (shy, shy girl) Shy girl Shy girl (shy, shy girl) (2x)
