

Silent decay, Good as drink is

why should not write a song about some special times?
why should not write a song about some fun in this life?
what is this here? a burial or a party?!
where is the beer, the chicks and all that the cops shouldnt see?
lets sing a song - about sex, drugs and rocknroll!
we done it all - its time now to get out of control!
good as drink is - sex lasts longer!
good as drink is - you feel stronger!
good as drink is - smoke gets smoother!
good as drink is - it ends in thirst!
lets sing a song - about sex, drugs and rock`n`roll!
weve see it all - wed rather die instead than stay controlled
lets have fun! all other ones can leave us alone
yes, kiss my ass! be quiet now and dont call me on the phone!
