

# Silent Poets, Where The Sidewalk Ends

I cant forget the day you left me  
Nights of love, the nights of fear  
You made me feel Im your desire  
Could I feel this flame again?

Chorus:

Anywhere tonight  
Walking side by side  
I wanna hear your voice  
I wanna see your eyes  
Anywhere tonight (night-tonight)  
Walking side by side (side by side)  
I wanna feel your breath  
Hold me tonight

My days are turning into darkness  
I lost the chance, I lost my dreams  
In empty streets I walk to find you  
Only the wind can hear my cry

Chorus

You set my heart on fire  
You are my own desire  
I wanna see your eyes  
Hold me tonight

Chorus
