

# Silent Stream Of Godless Elegy, My Friend Who

i am a Mirror so take a Look...  
how many Scars were Left on You ?  
after your Father, Mother, your first Love  
how many Times did you Cut Yourself ?

i was Killed a long time ago  
i wandered (just my Body)  
my bare feet Walking in the Dew  
i wandered to Reach the End, this Place

none of those things Gave me Pain  
they could not Touch Me, could not Breathe  
inside me could not Live  
inside me had no Reason to Be

i was Killed a long time ago...

and I commanded God who doesn't exist  
to Kneel Down and Listen to Cries  
he Died inside me like Everything else  
as the Misery which is Myself

he'll Stay Dead in this Grave with me

i was Killed a long time ago...  
full of Scars, Dead now  
i can't Remember anything more  
my Friend who doesn't exist  
my Friend who doesn't exist....
