

Silia Kapsis, Disco Dancer

It's about the way you move
The way you slide across the dance floor
I'm gonna find your inner groove
Gonna give you what you came here for

It ain't that hard to figure out
Just leave behind your doubts
This place is selling out
It's getting loud

So watch me dance into the night
Under the glitter lights
I explode like dynamite
(Na na na)

Cause I'm your favourite flavour
Bow down like I'm your saviour
Your one and only answer
Yeah I'm your Disco Dancer

I'm shining like the moonlight
I'm locked right into your sight
Your one and only answer
Yeah I'm your Disco Dancer

There's no time to decide
(no no no no)
Can you see what's on my mind?!

I'm doing all these things
Keep up with what I bring
You wear me like diamond rings
I'm your only bling

So watch me dance into the night
Under the glitter lights
I explode like dynamite
(oh na na na)

Cause I'm your favourite flavour
Bow down like I'm your saviour
Your one and only answer
Yeah I'm your Disco Dancer

I'm shining like the moonlight
I'm locked right into your sight
Your one and only answer
Yeah I'm your Disco Dancer

Watch me dance
Watch me dance
Oh na na na
Yeah I'm your Disco Dancer

Following,
You've got me right now
You can lead me all the way
Promising,
You'll hold me tight now
You can lead me all the way

Cause I'm your favourite flavour
Bow down like I'm your saviour
Your one and only answer

Yeah I'm your Disco Dancer

I'm shining like the moonlight
I'm locked right into your sight
Your one and only answer
Yeah I'm your Disco Dancer

Watch me dance
Watch me dance
Oh na na na
Yeah I'm your Disco Dancer
