

Silje Nergaard, Shame On You

It doesn't really matter where you're coming from
It's no concern of mine where you are bound
Your move from a to b is basic geometry, the shortest line is me

Spare me lengthy tales of pain and misery
Of how you once were lost but now are found
I wasn't searching, just remember who from who between two points in time

Shame on you
Expecting me to go along with all you do
Shame on you
Go play your game of hide and seek with somebody new

I'm just another port of call along the way
Another landing place but that's all right
Let's forget the whys and wherefores
And get on with saying my goodbyes

Shame on you
Expecting me to go along with all you do
Shame on you
Go play your game of hide and seek with somebody new

Watch my lips, hear what they're saying
I will spell it out
Keep those mind games you love playing
They're not what I'm about

Shame on you
Expecting me to go along with all you do
Shame on you
Go play your game of hide and seek with somebody new
