

Silje Nergaard, Who Goes There

Words yet unspoken
Some promise unbroken
These are the tokens I cling to

Kisses ungiven
Dreams yet un-lived in
These are the gifts I can bring you
Can bring to you ... so tell me

Who goes there
Step out of the night and just show me you care
Take these gifts that I bear ... and I will know
Love is here
Who goes there
Do you come as a friend or a foe ... and if so
Should I stay ... should I go
I need to know
I need to know

Tantos caminhos
Sempre a seu lado
Fomos deixando pra trs

O amor sozinho
Foi se perdendo
Agora tarde demais
Demais
Pra voltar

Who goes there
Step out of the night and just show me you care
Take these gifts that I bear ... and I will know
Love is here
Who goes there
No sei pra voc o que sou
se acabou ... and if so
Should I stay ... should I go
Eu preciso saber
I need to know
