

# Silke Bischoff, Felix In The Sky

I heavent seen you  
For a while  
And now youre here  
With a rainbow in your eyes  
I can see your smile  
And your tears  
So dont tell me lies

The same as it ever was  
Nothing changed  
Believe me its true  
The same as it ever was  
Im still loving you

24 hours  
Im running wild  
This is the future  
Im laughing like a child

48 hours  
The universe in my eyes  
Felix in the sky

72 hours  
I cant sleep  
Too much paranoia  
Life is cheap

96 hours  
I wanna die  
I am falling  
I close my eyes

I heavent seen you  
For a while  
And now youre here  
With a black sun in your eyes  
I can see your smile  
And your tears  
So dont tell me lies

The same as it ever was  
Nothing changed  
Believe me its true  
The same as it ever was  
Im still loving you

24 hours  
Im running wild  
This is the future  
Im laughing like a child

48 hours  
The universe in my eyes  
Felix in the sky

72 hours  
I cant sleep  
Too much paranoia  
Life is cheap

96 hours

I am falling

I close my eyes

24 hours
