Silke Bischoff, On The Other Side 93

Do you remember slow-motion-times With little golden stars? I see you tumble in the streets I hold you hand in the cinema A piece of heaven In a rotten world You disappeared in a roaring night I could die I cry

On the other side I'll see you again On the other side We'll walk hand in hand On the other side I'll see you again On the other side We'll walk hand in hand

I saw you again with tears in your eyes My heart beats hard
Time doesn't move in a picture
But I can't live in the past
Life is easy
If you don't care about the future
And it's easy to smile
If you don't care about the truth
I still love you
But I've changed myself

On the other side I'll see you again On the other side We'll walk hand in hand On the other side I'll see you again On the other side We'll walk hand in hand

When I see you
