

Silkstone, Not When You Don't Care

we all think the world is fine
and death is just a waste of time
why would you care...
things happen now and then
and you don't really give a damn
when you weren't there...
why, why would this bother
life just seems alright
you can't take me down there
why would i wonder what to do now
when the world has lost its mind
hey i'm feeling fine
but not when you don't care...
school's out and victim's down
but no one seems to be around
cause you weren't there...
things happen now and then
but you don't really give a damn
why would you care...
i'm afraid
of the world today
breath the air
and try and seem to care
open mind
try to feel alright
but i'm afraid
of the world, and i need you to be
