

# Silverchair, Abuse Me

Need to ask a question  
Calling out my name  
Nothing seems to bother  
Wish I had a clue

C'mon abuse me more I like it

Well I don't think you like me  
Well I hate you as well  
No one seems to like you  
Wish I couldn't tell

C'mon abuse me more I like it  
C'mon keep talking 'cause it's true

Throw the sailors overboard
