Silverchair, Luv You Life

Thrust the candle to the dark of your disease Burn the fishplate execute ill memories Labyrinth of sympathy in which I'm lost and can't leave And too much truth overshadows the lime lies Cos' what lies beneath the clouds is an Altered perception and I'll pay for sanity But sanity don't come cheap

You don't know the truth and I love your life Flinch against the fire but this ain't winter And I'm all by myself the way I wanna be Where I'm content to be to be all by myself But frozen eyes are bound to melt.
