

Silverchair, Pins In My Needles

Follow the tides
Drown in your headspin
Forget the world tonight
Leave all my joys
People are plastic
War with elastic knights
And I know how you feel in the night
Do you know how I feel in the night?
'Cause I know why I feel all the
Pins in my needles, pins in my needles, you
Pins in my needles, pins in my needles, you
Face down hose
Pay them with love
'Cause money is hollow
This time is not for self emotion
Comfort motions
Hard to notice
And I know how you feel in the night
Do you know how I feel in the night?
'Cause I know why I feel all the
Pins in my needles, pins in my needles, you
Pins in my needles, pins in my needles, you
Pins in my needles, pins in my needles, you
Pins in my needles, pins in my needles, you ...
