

# Silverstein, Defend You

I'm lying down  
and you can't see why  
I've gone to sleep

Try to relate  
can't give in to your temptations (temptations)

All your hopes and dreams,  
washing away silently  
forget everything you taught me (you taught me)  
when I looked up to you

Fall to your knees  
and give up your aspirations (aspirations)  
falling to your knees

[Chorus:]  
So how can you expect  
me to just close my eyes  
and forget your mistakes?  
defending you is getting  
harder everyday, day

I'm breaking down  
the ending's near,  
the final call to make it through (make it through)  
you'll choose  
try to relate, forget everything  
you taught me (you taught me)  
when I looked up to you

[Chorus]

I'll look inside myself for strength  
like a million times before  
You'll never let it in because  
I know you said  
I know you said  
I know, I know, I know, I know

Fall, how can you let it go? (let it go)  
how can you be this way?  
I'll never forget (never forget)  
where I come from, where I've been  
I'll never become you

[Chorus x2]

You've lost it all
