

# Simon Says, Silk Moth (Mr. Double Face)

Hello Mr. Double Face  
You think you're so beautiful  
Disguised in all your plastic smiles  
Tell them all they want to hear  
Leather jacket fits so nice  
While I am so pitiful  
Bottom line name your price  
Then just lay back and suck my dick

Now you're staring down the barrel of all your actions  
And I'm laughing in your face

Chauvinistic pig fuck  
You're so goddamn wonderful  
Behind my back talkin shit  
Your cheap excuse just makes me sick

Now you're staring down the barrel of all your actions  
And I'm laughing in your face  
Do you feel your life's run empty in one split moment?  
Now it's time to get a taste  
A taste of my revenge

My way  
Turn around and face me  
It's over  
I've thought about the consequences  
Do really think I give a shit?

Now you're staring down the barrel of all your actions  
And I'm laughing in your face  
Do you feel your life's run empty in one split moment?  
Now it's time to get a taste  
A taste of my revenge
