

Simon Says, Train Wreck

If i have to hear another word from your fucking
Mouth I swear to you and to
Myself that you'll regret you ever spoke at all

Cast me out or rite me off or threaten me with
"What you got" tell me that I'll
Never make anything of myself

Well, I'm running on my own
And I'm breaking all your rules

Run

Well, I'm running on my own
And I'm breaking all your rules
And I've done it on my own
So fuck you I'm by myself
