

Simon Townshend, Heart Stops

Where you gonna be when your world stops
How yer gonna go if your aiming too high
Where you gonna be when your life stops
Is it gonna flow if your known by no one
Where you gonna be
Angels wearing boots again
Angels wearing boots again
Where yer gonna be when your world stops
Heart stops " life stops
Known by no-one -known by no-one
See the dancing and hear the singing
Girls are loving, boys are swinging
Touch the power and feel the power
Where you gonna be
Where yer gonna be.
Heart stop!!
