

# Simon Townshend, No Angel

See what you've done to me  
Feeling my heart breaking,  
See what you've done  
See what you've done, done to me, yea  
Weathering the storm out there sad sunny, happy snow  
Don't know quite where it is that I come from  
Or where it is I'm gonna go  
Got this image I carry along  
Keeps me alive in my heart  
A bit of something to hang on to  
A light in the dark  
She's no angel but what do I care  
Sometimes it's good to be bad  
She's something I've got going and gives me reason to land  
When the wind and the air is amazing by design  
Just a spot on the earth, it's one in a million I've found  
Turn and face me, you could save me  
Travelling the world out there mad money does depend  
I don't know quite where it is that I'm heading but  
It's good to be back here again  
She's no angel but what do I care  
Keeps me alive in my heart  
A bit of something to hang on to, a light in the dark  
And the wind and the air is amazing by design  
With a touch I can swear she can maybe make it mine  
Turn and face me, she could save me  
Turn and face east, she could see me, yeah  
Face me  
She's no angel but what do I care  
She's no angel but what the .do I care  
She's coming with me  
Coming with me  
She's coming with me yeah  
Some light in the dark yeah  
Got to keep an imagination  
Keeping it free in the wide wide open  
Wide wide open  
Got to keep an imagination  
Keeping your spirit in the wide wide open  
In the wide wide open
