

Simon Townshend, On The Scaffolding

As I sit alone, I can dream of anything
I'll fly into the view, seen from the scaffolding
Jumbo sweeps away, I'll hang on for my dear life
Hawaii, here I come, down from the scaffolding
While I'm waiting, waiting there for you
Up on the scaffolding, I can be a star
I can shoot those lights
And reach out so far
Upon the scaffolding
I can be a melt away
Melt, away and drift away
Heart I can be a melt away
Melt away and drift away
Into love again, can fall for anyone
I ride into the view, scene from the scaffolding
And I'm waiting, waiting
Upon the scaffolding, I can be a star
I can shoot those lights
And reach out so far
Upon the scaffolding
