

# Simon Townshend, Pie In The Sky

I'm having a bad day today  
Things not going quite the way I'd like  
But I'll get by  
I'm having a hard time of it  
Things not being quite the shit tonight  
But I'll get by  
Cause it's all pie in the sky  
Keeping me alive  
I've been right down and I've come back up  
And I don't believe I've had enough oh no  
Baby there's more to go  
I've taken all my happy pills  
And they don't do much towards paying the bills oh no  
But if I go I go  
Cause it's all pie in the sky  
It's keeping me alive  
Cause you been doing something for me  
You keep doing something good for me  
It's usually right on time  
Keeping this man alive  
I'm having a bad day today  
Quite the way I'd like oh yeah  
I'm having a hard time of it  
Things not being quite the shit tonight  
I'll get by  
You been doing something for me  
You been doing something good for me  
You been doing something for me  
You keep doing something good for me  
It's usually right on time  
Keeping this man alive  
All pie in the sky  
keeping me alive yeah  
Cause I'm having a bad day today  
Things not going quite the way yeah yeah  
I'm having a bad day today  
Things not going quite the way I'd like  
There's more to go
