

# Simon Webbe, No Worries

I just know your life's gonna change  
Gonna get a little better  
Even on the darkest day  
I just know your life's gonna change  
Gonna get a little further  
Right until the feelings change

So, is this how it goes?  
Think you've come this far with nothing to show  
That ain't so, no  
You don't see where you are  
And if you don't look back you know you'll never know

Cause you think that you've been living, just treading water  
And waiting in the wings for the show to begin  
But I always see you searching  
As you try that bit harder  
Getting closer, oh yeah, to the life you're imagining

[chorus]  
(I just know your life's gonna change)  
Maybe not today, maybe not today  
Some day soon you'll be all right  
(I just know your life's gonna change)  
Don't turn the other way, turn the other way  
Feels like luck is on your side  
(Just wanna live)  
No worries, no worries  
(Don't wanna die)  
No worries, no worries  
(Fight through the lows)  
Say it for me, say it for me,  
(And take all the highs)  
We all need somebody  
(Yeah we can sink)  
No worries, no worries  
(Or can you swim)  
No worries, no worries  
(Or walk on out)  
Say it for me, say it for me,  
(Or jump right in)  
We all need somebody

So, baby keep drifting on  
Your endeavours ain't just selfless wasted time  
Seek and find, yeah yeah  
You're not that far from what you've hoped and wished for all along

Cause you think that you've been living, just treading water  
And waiting in the wings for the show to begin  
But I always see you searching  
As you try that bit harder  
Getting closer, oh yeah, to the life you're imagining

[chorus]  
I just know your life's gonna change  
Say it for me, say it for me  
We all need somebody
