

Simple Plan, Don't Wanna Think About You

Can you leave me here alone now?
I dont wanna hear you say that you know me
That I should be always doing what you say
Cause Im trying to get through today
And theres one thing I know

[Chorus]
I dont wanna think about you or think about me
Dont wanna figure this out
I dont wanna think about you or think about nothing
Dont wanna talk this one out
I wont let you bring me down
Cause I know, dont wanna think about you
Dont wanna think about you

When I wake up here tomorrow
Things will never be the same
Cause I wont wait
Cause you wont change
And youll always be this way
Now Im gonna get through today
And theres one thing I know

I dont wanna think about you or think about me
Dont wanna figure this out
I dont wanna think about you or think about nothing
Dont wanna talk this one out
This time I wont let you bring me down
Wont let you shut me out
This time I know, dont wanna think about you

[Bridge]
Run away, run away
Running as fast as I can
Run Away, run away
Ill never come back again
Run away, run away

I dont wanna think about you or think about me
Dont wanna figure this out
Dont wanna think about you or think about me
Dont wanna talk this one out

I dont wanna think about you or think about me
Dont wanna figure this out
I dont wanna think about you or think about nothing
Dont wanna talk this one out
This time I wont let you bring me down
Wont let you shut me out
This time I know, I dont wanna think about you

Run away, Run Away
Dont wanna think about you
Run away, run away
Dont wanna think about you
Run away, run away
Dont wanna think about you
Run away, run away
