

Simple Plan, Promise

Breakdown

I can't take this

I need somewhere to go

I need you

I'm so restless

I don't know what to do

We've had our rough times

Fighting all night

And now you're just slipping away

So just give me this chance

To make the wrongs right, to say

Don't, don't, don't walk away

I promise

I won't let you down, you down

If you take my hand tonight

I promise

We'll be just fine this time

If you take my hand tonight

If you take my hand tonight

Without you (I go through the motions)

Without you (it's just not quite the same)

Without you (I don't want to go out)

I just wanted to say

That I'm sick of these fights

I'll let you be right

If it stops you from running away

So just give me this chance

To make the wrongs right, to say

Don't, don't, don't walk away

I promise

I won't let you down, you down

If you take my hand tonight

I promise

We'll be just fine this time

If you take my hand tonight

Take my hand

Take my hand (I promise)

Take my hand (I promise)

Take my hand

GO!

I promise

I won't let you down, you down

If you take my hand tonight

I promise

We'll be just fine this time

If you take my hand tonight

If you take my hand tonight

I won't let you down

So take my hand tonight
